*A border and barbeque aren't the only things Virginia and North Carolina have in common. The two states also share some of the most gerrymandered districts in the country, cozy relationships between regulators and industry, and politicians that care more about serving their donors than their constituents.*

*Join us on September 24th, at NOVA Woodbridge campus, for a free screening of Democracy for Sale to learn more about North Carolina politics and it's innumerable parallels to our state and what we can do to fight back.*

*If you are not registered to vote, take advantage of this opportunity!*
